DATA SHEET

ARCHISONIC® 12 mm

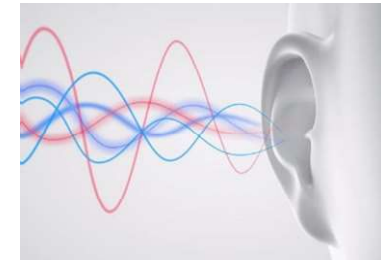

Dimensions:	1200mm x 2800mm
Composition:	100% PET (min. 60% post-consumer)
Density:	2400g/m ²
Thickness:	12mm (+/-7%)
Fire test: DIN EN 13501-1 ASTME84	B-s1, d0 Class A
VOC Emission: CDPH 01350 ISO 16000 EN 16516	Pass (CDHPH/EHLB/Standard Method V1.2.)
Environmental:	Cradle to Cradle Certified Product qualifies for LEED v4 specifications on VOC emissions in LEED EQ credit (Low-emitting products)

Colour Fastness: EN ISO 105-B02, A1	Grade 6
Material reutilisation:	53 PET Bottles/m ²
Sound absorption DIN EN ISO 11654	aw 0.30 (no air gap)

Sound Absorption Class: A

Supported by:

COLOUR & SURFACE DEVIATION

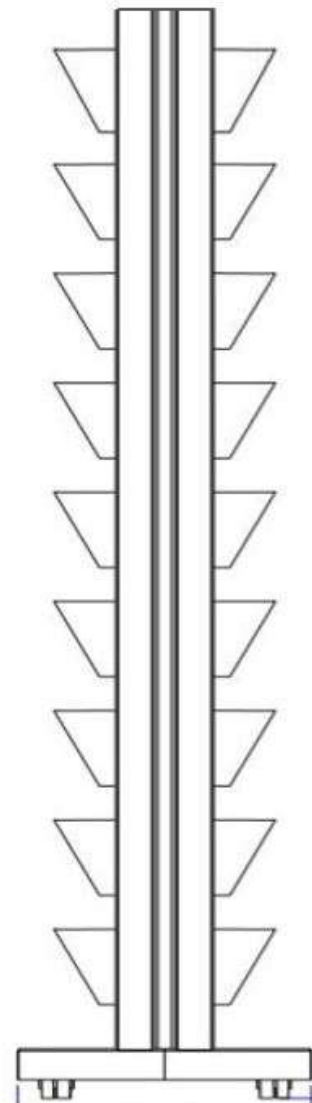

ARCHISONIC® is manufactured at the highest quality standards, yet slight color and surface deviations caused by the high degree of recycled fiber are an inevitable part of the product characteristics and do not claim warranty services - it is the natural and less manicured look that designers appreciate about this product around the world. Irregularities are best visible in our light color products.
